

INSTRUCTOR Lisa Houston

Lisa Houston is an Industrial Safety Consultant specialist with BWC. She received a Bachelor of Science in Business Administration specializing in risk management and insurance from the Ohio State University. She performs safety consultative services for a wide range of industries, and for topics including safety management, leadership development, cultural change, onsite visits, safety training, and safety program review.

Accident Analysis

11:00 a.m. - 12:00 p.m.
February 9, 2021

This course is designed to explain the accident analysis process and to provide an organized approach for identifying and correcting hazards. Attendees will learn about the basic elements of a written accident analysis program, the primary causal factors of accidents, and action steps that can be taken to analyze accidents.

*BWC is accredited by IACET to offer 0.1 CEUs for this program. Completion of this webinar also qualifies for a variety of BWC discount program credits based on employer participation, specifically the Drug-Free Safety Program accident analysis training requirement. Visit bwc.ohio.gov or contact your local BWC service office representative for program details.

- To receive one hour of online training credit for BWC programs, provide a BWC policy number during registration, attend the whole session, and pass the knowledge assessment.
- When your registration is complete, you will receive a confirmation email with instructions for joining the webinar. It is recommended you click the link within your email approximately five minutes before start time.
