

Ed Hart Service Award 2023

The Huber Heights Chamber of Commerce is seeking nominations for individuals who serve selflessly to our community not only through dedication and caring, but for the love of the city.

The Ed Hart Memorial Service Award is named for a local community and businessman who served our country and then returned to serve his community. Ed Hart was the founder of the Huber Heights Athletic Foundation which is still in existence today. The foundation was created to assist students and community organizations to thrive. This award is presented to an individual who has dedicated themselves to go above and beyond serving and volunteering not only their time and knowledge, but their unselfish dedication to the community.
